

We are excited to let you know about My Money Connector – a new personal financial management tool that makes it easier for you to see your entire financial picture in one place.

With My Money Connector you can quickly link up any other financials accounts you may have, create a budget, track your spending, and set savings goals.

1

Login to your retirement account to get started with My Money Connector

2

Connect any of your other financial accounts

3

See your entire financial picture in one place, manage your budget, and set savings goals

Login to mylife.jhrps.com and simplify your finances today

My Money Connector is a data aggregation tool made available to you by your plan sponsor through John Hancock Retirement Plan Services ("John Hancock"). By using My Money Connector, account access information for any non-John Hancock accounts that you add will be stored by a third-party service provider for the purpose of providing the service. John Hancock is fully committed to safeguarding your information, however, you are responsible for maintaining the confidentiality of your password and other log on information and for following prudent online practices. Additional information can be found in the Important Information document available online.

John Hancock Retirement Plan Services, Boston, MA 02210.
